MODERNIZING ADULT & AGING SERVICES

One Platform for Every Program, Provider, and Person You Serve.

Brite

Brite helps state and local agencies modernize the systems that serve older adults and people with disabilities. From protective services to community-based programs and long-term care, our cloud-based solution connects programs, simplifies service delivery, and improve outcomes.

- **Intake, Referrals & No Wrong Door**
- **Case Management & Care Coordination**
- **Assessments & Service Planning**
- **Provider & Program Management**
- **Field & Mobile Casework**
- **Reporting, Funding & Compliance**

Supporting APS, Area Agencies on Aging, ADRC/No Wrong Door, HCBS, Long-Term Services & Supports, and Community-Based Programs.

Simplify Access to Services

Give clients, caregivers, and partners one door to every service.

Coordinate Care & Services

Connect assessments, referrals, providers, and service plans.

Protect Vulnerable Adults

Streamline intake, investigations, and protective services.

Improve Program Visibility

Unify data, reporting, and funding oversight across programs.

Proven Experience Across Adult & Aging Programs

1.64M
